

CUSTOM COURSE

FLOWCHART

01

Your Needs

Determine the needs of your team: What elements of copyright do you need to know more about? What are your biggest challenges or knowledge gaps?

02

Browse Available Courses

Check out the eTutorial section of our website to find all our smaller courses which can easily be combined into a larger course designed specifically to meet your needs! NOTE: You can also select from the individual modules which make up our Certificate Programs.

03

Submit your List

Contact erin@copyrightlaws.com with your ideal list of eTutorials and modules to make up your custom course. Our CEO, Erin Gurski, will get back to you within 2 business days with a quote.

04

Start Learning!

Once your fees have been paid and the course has been put together on Thinkific, all you need to do is create a student profile and start your course! All custom courses are moderated by Copyrightlaws.com staff who will be available for any questions or concerns throughout the duration.
